FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving a medical fee dispute filed on or after January 1, 2002.
2. 28 Texas Administrative Code §134.202 sets out the fee guideline for professional medical services provided on or after September 1, 2002.
3. Division rule at 28 TAC §134.1, effective May 16, 2002, requires that services not identified in a fee guideline shall be reimbursed at fair and reasonable rates.
4. The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of benefits dated May 2, 2004

- N2 – TWCC Code: N – Not documented. Invalid or missing CPT code or HCPC code

Issues

1. Did the requestor submit a correct table?
2. Did the requestor bill for bundled HCPC codes for date of service March 15, 2004.
3. Did the requestor submit documentation to support that HCPC code A4215, A4646, A4550 and 99358 were billed according to the provisions of 28 Texas Administrative Code §134.202?
4. Did the requestor submit documentation to support fair and reasonable reimbursement for unvalued codes?
5. Is the requestor entitled to reimbursement?

Findings

1. The requestor submitted a corrected Table of Disputed Charges identifying the disputed date of service of March 15, 2004.
2. Per 28 Texas Administrative Code §134.202 “(b) For coding, billing, reporting, and reimbursement of professional medical services, Texas Workers' Compensation system participants shall apply the Medicare program reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies in effect on the date a service is provided with any additions or exceptions in this section.” CCI edits were run to determine if edit conflicts exists for date of service December 31, 2003. Review of the CCI edits finds:
 - Procedure A4550. Payment for this service is always bundled into payment for other services not specified and no separate payment is made.
 - Procedure 99358. Payment for this service is always bundled into payment for other services not specified and no separate payment is made.
 - The requestor is therefore not entitled to reimbursement for HCPC codes A4550 and 99358.
3. Per 28 Texas Administrative Code §134.202 “(c) To determine the maximum allowable reimbursements (MARs) for professional services system participants shall apply the Medicare payment policies with the following minimal modifications: (1) for service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Surgery, Radiology, and Pathology the conversion factor to be used for determining reimbursement in the Texas workers' compensation system is the effective conversion factor adopted by CMS multiplied by 125%. For Anesthesiology services, the same conversion factor shall be used. (2) for Healthcare Common Procedure Coding System (HCPCS) Level II codes A, E, J, K, and L: (A) 125% of the fee listed for the code in the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) fee schedule. (B) if the code has no published Medicare rate, 125% of the published Texas Medicaid Fee Schedule Durable Medical Equipment/Medical Supplies Report J, for HCPCS; or (C) if neither paragraph (2)(A) nor (2)(B) of this section apply, then as calculated according to paragraph (6) of this subsection.
 - Review of the DMEPOS fee schedule (cgsmedicare.com) did not contain a fee schedule amount for HCPC codes A4215 and A4646.
 - Review of the Texas Medicaid Fee Schedule did not contain a fee schedule amount for HCPC codes A4215 and A4646.
 - HCPC codes A4215 and A4646 are therefore subject to the provisions of 28 Texas Administrative Code §134.1.

Per 28 Texas Administrative Code §134.202 “(c) To determine the maximum allowable reimbursements (MARs) for professional services system participants shall apply the Medicare payment policies with the following minimal modifications: (6) for products and services for which CMS or the commission does not establish a relative value unit and/or a payment amount the carrier shall assign a relative value, which may be based on nationally recognized published relative value studies, published commission medical dispute decisions, and values assigned for services involving similar work and resource commitments.”

Division rule at 28 TAC §134.1 requires that “Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission.”

Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.

Former 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:

- The requestor billed HCPC codes A4215 and A4646 on March 15, 2004.
 - The HCPC code indicated above does not have a Medicare or Texas Medicaid assigned value.
 - Division rule at 28 TAC §134.1, effective May 16, 2002 requires that services not identified in a fee guideline shall be reimbursed at fair and reasonable rates.
 - The requestor did not provide documentation to demonstrate how it determined its usual and customary charges HCPC codes A4215 and A4646.
 - Documentation of the comparison of charges to other carriers was not presented for review.
 - Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
 - The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
 - The requestor did not support that the requested alternative reimbursement methodology would satisfy the requirements of 28 Texas Administrative Code §134.1.
4. The request for reimbursement is not supported. Thorough review of the submitted documentation finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement. Payment cannot be recommended HCPC codes A4215 and A4646.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
